Term 2 Week 4

"Maintaining A Tradition of Excellence"

The team at Forbes Public School have been delighted to welcome back our students over the past two weeks as they returned to school in their house groups as part of the Phase 1 return to school plan.

Our students adjusted well and were really happy to be back at school and it was great to see classrooms full of engaged students and to hear the playground abuzz again with the familiar sound of children's laughter and play!

Next week from Monday the 25th of May school will resume as 'normal', meaning we will be returning to a full time face to face learning model and learning from home will no longer continue.

Measures have been put into place to ensure we continue sound hygiene practices, including increased cleaning time, which includes a cleaning schedule that occurs during the school day which is additional to our prior and post school cleaning routine.

I would like to take this opportunity to thank you for adhering to our social distancing protocols. Just a small reminder that at present parents are not permitted onsite without an appointment. Please present at the front office if you would like to make an appointment or meet with the principal. We have teachers on duty near our school entry gates ready to welcome students back and to assist those who may need a little help taking that first step into school of a morning.

I am really proud of our school community, the resilience and team mindset displayed has been really overwhelming.

Meg Staples—Principal
